

# LASRAM

## LR-AM2

Multi-robot  
3D Laser metal printer

# A new level of freedom and efficiency in metal 3D printing.

Lasram integrates industrial laser systems into robotic environment. With our metal 3D printing solution we provide high-precision robot automated manufacturing process for fast and efficient component production. Lasram's multi-robot configuration, utilizing the unique and patented Multidimensional Additive Production (MAP) technology of DUPLEX 3D in combination with WAAM, unlocks new opportunities in metal manufacturing.
